

Information for participants – Issue January 2015

Plugs/electrical sockets

As already mentioned, your plugs might not fit to our sockets (applies even to German ones!). This picture shows you how our electric installations look. You are fully responsible that your laptop/equipment fits to our installations! To be on the safe side, we suggest that you bring a world-wide adapter with you. We will not provide them for you.

Public transportation in Zurich

All participants (except those living in Zurich permanently) will get a multiple day pass, valid for 6 x 24 hours in fare zone 110 (covers Youth Hostel – University and most of the city center). The card will be given to you on 28 January. During a 24-hour period, you have unlimited rides by tram/bus/ship. As an attachment, I'm sending you detailed instruction regarding the ticket to buy at the airport, transfer airport – main station – Youth Hostel – University and – important – how to validate the multiple day pass. Most probably, the multiple day pass will not cover the whole conference. Please buy the remaining single tickets on your own.

W-Lan

There is W-Lan access at the conference room, accessible via the congress accounts.

To get your account: <https://www.uzh.ch/id/cl/dl/admin/ssl-dir/guestaccounts/index.php>

Event-ID: 14ZICE151661

Conference venue and registration

ZICE15 takes place at Plattenstrasse 14 (red brick building). You already have the directions how to get there. The conference room PLM 103/104 is in the first floor. At the basement, right across the entrance, there's the reading room of the library at your disposal in the afternoons for homework, etc.

In the conference room, you'll find pens, paper and documentation about Zurich and the University. Take whatever you need.

Please take your name tag and place it on your desk. Hand it back after the conference!

There will also be name tags to fix on your clothes, please take yours. They can be removed and replaced for several times – you don't have to be worried about your shirt.

Coffee, tea and mineral water are there for free.

Meals provided

Sandwiches upon arrival on 28 January

As many of you come to the software installation directly from the airport, we'll provide sandwiches.

Sandwiches offered also during the lunch talk on Monday, 2 February.

Conference Dinner on Thursday, 30 January

The invitation includes dinner and the non-alcoholic beverages. As you may choose from the menu, there's no need to inform us about any special requirements.

Check-out at the Youth Hostel

Please do the check-out in the morning of 5 February, before coming to the conference.
